COLLECTION

60 x 120 cm

A color of depth, a color of class, a color that opens new potentials in design and architecture. Our deep admiration for the luxury & richness that black color offers have led us to the creation of the Murk series. Experience the Charm of Murk. Despite having the maximum absorption quotient Black holds a certain kind of grace in itself. We are here to make sure you get the most out of its appeal, attractiveness and applications. After all, the world awaits a change regarding a few philosophies and we are here to create one, "Black is the new colourful".
